Subject: Alliance Rail Holdings pre-application consultation GNWR

Good afternoon

Application for a passenger track access agreement under Section 17 of the Railways Act 1993

Alliance Rail Holdings have requested that Network Rail carry out a pre-application consultation on their behalf as part of a proposed Section 17 application for a passenger Track Access Contract.

In accordance with the Industry Code of Practice for Track Access application consultations, should you wish to comment on this application or have any questions you are invited to respond within the 4 week consultation period. The consultation period will be in place from Tuesday 6th June until Tuesday 4th July 2017.

A copy of the proposed contract and Form P are attached in PDF format to this email and these documents will shortly be available via the Network Rail website.

If you no longer deal with industry consultations on behalf of your organisation, it would be greatly appreciated if you could respond with any amended contacts details so we may include them in this consultation and update our records accordingly.

Kind regards

Craig Tomlin
